FORWARD-LOOKING STATEMENTS

This release contains certain “forward looking statements” and certain “forward-looking information” as defined under applicable Canadian and U.S. securities laws. Forward-looking statements and information can generally be identified by the use of forward-looking terminology such as “may”, “will”, “should”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “continue”, “plans” or similar terminology. The forward-looking information contained herein is provided for the purpose of assisting readers in understanding management’s current expectations and plans relating to the future. Readers are cautioned that such information may not be appropriate for other purposes. Forward-looking statements and information include, but are not limited to, “We structured and acquired multiple royalties (specifically PPX and EDM) positioning us for aggressive revenue growth in 2026. With over C\$7 million in cash and silver bullion on our balance sheet, we can add additional royalties without further dilution. Our pipeline remains robust and we continue to advance a number of royalty opportunities presently” and the Company anticipates significantly higher royalty payments under the PPX Royalty with the minimum payment obligations commencing on the date hereof. Forward-looking statements and information are based on forecasts of future results, estimates of amounts not yet determinable and assumptions that, while believed by management to be reasonable, are inherently subject to significant business, economic and competitive uncertainties and contingencies.

Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual actions, events or results to be materially different from those expressed or implied by such forward-looking information, including but not limited to: the impact of general business and economic conditions; the absence of control over mining operations from which SCRI will purchase silver and other metals or from which it will receive royalty payments and risks related to those mining operations, including risks related to international operations, government and environmental regulation, delays in mine construction and operations, actual results of mining and current exploration activities, conclusions of economic evaluations and changes in project parameters as plans continue to be refined; accidents, equipment breakdowns, title matters, labor disputes or other unanticipated difficulties or interruptions in operations; SCRI’s ability to enter into definitive agreements and close proposed royalty transactions; the inherent uncertainties related to the valuations ascribed by SCRI to its royalty interests; problems inherent to the marketability of silver and other metals; the inherent uncertainty of production and
